

Industrial Engineering Technician

Holland Landing, ON

About Us

Inscape has supported the evolution of the workspace since 1888. A versatile portfolio of systems, storage, walls and seating products addresses the diverse needs of today's office with solutions that stand the test of time – built to last and inherently flexible. Dedicated to delivering innovative solutions with care and expertise, Inscape is here to help you make life at work better.

About the Role

The Industrial Engineer Technician will develop and maintain methods and standards to ensure the manufacturing of quality products at minimum cost. This position must investigate and analyze new and/or existing products and processes for the ability to meet production performance requirements. The Industrial Engineer Technician must monitor time study information and program the correct incentive information into the system. This position responsibility applies to all product produced at the Holland Landing facility and those that have “cross-over” production at other Inscape facilities.

Primary Tasks & Responsibilities

- Prepare BOM's, structures, routings, rates and supporting documentation as required.
- Ensure that all jobs have been adjudged as being capable of measurement in terms of standard time values and that they have suitable piece work rates applied to them.
- Train time study personnel at all Inscape facilities to apply suitable piece work rates.
- Ensure adherence to producing quality products at a minimum cost.
- Project management relating to general manufacturing engineering projects
- Assists in the development and control of budgets for projects.

Knowledge, Skills, Abilities & Education

- College diploma or university degree in engineering or equivalent field experience.
- General manufacturing standards, knowledge, and process development.
- Excellent communication skills.
- Must be able to ensure details can be thoroughly communicated to all levels of staff.
- Knowledge of ergonomics.

If you have the qualifications for the above position and are interested in joining a team oriented progressive company with excellent benefits, please submit your resume for consideration to careers@inscapesolutions.com.

We thank all applicants for their interest, but advise that only those selected for an interview will be contacted.
