

Junior Programmer Analyst

Holland Landing, Ontario

About Us

Inscope is a design enabler. We have been saying Yes since 1888 with a versatile portfolio of systems, storage and wall products that are adaptable and built to last. With care and consideration, and more than a century of expertise, our philosophy is to always do what we can to say Yes.

About the Role

The Programmer/Analyst will be responsible for development and software maintenance of existing applications as assigned by Manager, Software Development.

Primary Tasks & Responsibilities

- Performs program design, coding, testing, documentation, implementation, configuration, and support
- Prepares system design specifications, develops project plans, updates existing corporate models and documentation
- Tracks and monitors the performance of current and/or new systems and corrects operational problems when they occur with production systems software
- Maintain close liaison with client departments to keep abreast of the changing business environment, ultimately affecting design of new systems and enhancements to current production systems
- Documents client requirements using established methods such as interviewing, prototyping and process modeling
- Reviews and edits requirements, specifications, business processes and recommendations related to proposed solution to ensure client is following the best practice use of the software

Knowledge, Skills, Abilities & Education

- College Diploma or University Degree in Computer Science or Information Technology.
- Minimum 1 year related work experience.
- At least 2 years' experience with application programming languages, such as Java, .NET, HTML and J2EE.
- Experience with client/server architectures, LAMP, Apache, PHP, MySQL, Wordpress is an asset.
- Ability to write concise and accurate technical instructions throughout program development.
- Broad knowledge of emerging technologies.
- Able to translate user requests into definable technical specifications.
- Strong analytical and problem solving skills.
- Well organized and able to work under deadline pressures.

If you have the qualifications for the above position and are interested in joining a team oriented progressive company with excellent benefits, please submit your resume for consideration to careers@inscapesolutions.com.

We thank all applicants for their interest, but advise that only those selected for an interview will be contacted.
